

WILSON CALLS ON REPUBLICANS

Minority Leader Mann Goes
to Conference on
Conscription

THE SENATORS
INDORSE PLAN

Members of the House Fear
Trouble Back
Home

Washington, April 18.—In an effort to bring about non-partisan support of the administration army conscription bill President Wilson yesterday asked Representative Mann, Republican floor leader of the House, and Representative Lenroot to confer with him at the White House.

Secretary of War Baker, voicing the administration's unswerving stand, declared to the House military committee in session yesterday that he was compelled to reject flatly all compromises. He was inclined to yield on minor points, such as ages of conscription, but insisted on the selective conscription plan.

At a Republican Senate caucus yesterday afternoon it was decided that the Republican senators would stand behind the president's conscription plan.

With unfavorable reports from the House on the possibility of conscription going through, the president summoned the Republicans to his aid in a final effort to get prompt action on the military bill, which he feels is absolutely vital.

Chairman Dent of the House military affairs committee will see the president and, it is understood, will report that the conscription bill cannot be passed unless provision is made for first trying out the volunteer system.

Lack of support from constituents was cited by many middle west representatives as acting as a millstone against their approval of the president's desires.

One Republican member from this section favors universal "training," but is opposed to "conscription." Boys of 19, he believes, are of admirable age to assimilate military training to advantage, but should not be compelled to serve in actual fighting.

"The brunt of the fighting should fall upon older men," he said. "Those of mature years could better withstand the hardships."

Another western Republican said frankly that to vote for conscription without first giving the volunteer system a chance would spell his political death.

"If the government should reach into a thousand or more of my homes and grab the youngsters against the wishes of their mothers," he said, "what chance do you think I would have of re-election? Just think of California, where the women voted for Wilson because he kept us out of the war and enabled them to keep their boys at home."

A popular demand that Theodore Roosevelt be permitted to lead a division abroad as soon as he can raise it.

has sprung up all over the central west-
ern part of the country, if a rush of tele-
grams and letters here are to be accept-
ed as showing which way the wind blows.

Opinion prevails here that central and
far west is not fully alive to the real
war conditions facing this country, and
some kind of an "awakener" is neces-
sary. Roosevelt, many in Congress be-
lieve, could deliver the punch to rouse
the country perhaps better than any other
man.

It is probable that should the con-
scription army bill fail or be modified—
as now seems likely—Col. Roosevelt
would be immediately given permission
to go ahead with his division. If con-
scription passes he'll lose his chance, un-
less President Wilson grants a special
dispensation in his case.

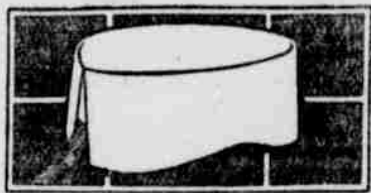

DECLARES NEW ELECTION WOULD HAMPER ARMY

A. Bonar Law Urges Continuation of
the Present Parliament Till
December.

London, April 18.—Andrew Bonar Law,
member of the British war council, mov-
ing in the House of Commons yesterday
afternoon the second reading of the bill
to extend the life of Parliament until the
end of November, said the British troops
were engaged in the greatest operation
since the commencement of the war and
were meeting with success which ex-
ceeded his expectations.

It would be highly disadvantageous,
Mr. Bonar Law said, if the country
should be plunged into the turmoil of
an election, with the possibility of a
division, and certainly the energies of
the nation would be diverted from the
prosecution of the war.

At a meeting of the Irish Nationalist
party yesterday it was decided to oppose
bill for the extension of the life of Par-
liament.

WANTS "WAR COMMISSIONERS."

Senator Thinks They Would Be Useful
in Entente Capitals.

Washington, April 18.—A resolution
providing for appointment of "war com-
missioners" to Great Britain, France and
Russia by the president to hold office
during the war, was introduced in the
Senate yesterday by Senator Poindexter
of Washington.

The duties of such "war commission-
ers" would not infringe on the duties
of our ambassadors.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like
Lead or Bladder
Bothers

Most folks forget that the kidneys,
like the bowels, get sluggish and clogged
and need a flushing occasionally, else we
have backache and dull misery in the
kidney region, severe headaches, rheu-
matic twinges, torpid liver, acid stomach,
sleeplessness and all sorts of bladder dis-
orders.

You simply must keep your kidneys ac-
tive and clean, and the moment you feel
an ache or pain in the kidney region, get
about four ounces of Jad Salts from any
good drug store here, take a tablespoonful
in a glass of water before breakfast
for a few days and your kidneys will
then act fine. This famous salt is made
from the acid of grapes and lemon juice,
combined with lithia, and is harmless
to flush clogged kidneys and stimulate
them to normal activity. It also neu-
tralizes the acids in the urine so it no
longer irritates, thus ending bladder dis-
orders.

Jad Salts is harmless; inexpensive;
makes a delightful effervescent lithia-
water drink which everybody should take
now and then to keep their kidneys clean,
thus avoiding serious complications.
A well-known local druggist says he
sells lots of Jad Salts to folks who be-
lieve in overcoming kidney trouble while
it is only trouble.—Adv.
